Contract Let for School Improvements

Last night the Hope School District I-A Board let a contract to Johnson Construction Co. of Texarkana for the improvement of the Negro school system in Hope. The contract was for \$165,450.

Bids on the proposed construction were first opened June 14 but all were rejected, according to Supt. James H. Jones. However, the Johnson Co. bid was accepted with some modifications.

The construction calls for the following: A new office, a science room and home economics department along with two classrooms at Yerger High School. A cafeteria and four classrooms at the Hopewell school.

Money with which to construct these new additions were voted on last fall by the citizens of the district. Of the five mill tax increase 3½ was designated for improvements to the Negro school system.

Big Diamond Is Found at Mine

MURFREESBORO, Ark. (AP)—Find of another large diamond, the second within a week, at the Arkansas Diamond Mine was reported today.

J. R. Johnston, operator of the mine, said Cecil Young of Ponca City, Okla., found a 10 carat, 44 point canary diamond Sunday. Johnston estimated the value at \$6,000.

Art A. Rogers of Pine Bluff found an 11.92 carat stone last Wednesday.

Johnston said the Sunday find was the third in four trips to the mine for Young. In addition, Johnston said, Mrs. Young found a 1.19 carat white stone, worth \$500, on Feb. 3.

The Arkansas Diamond Mine has been in operation about a year. It is near but not connected with the Crater of Diamonds, operated by Howard Miller.

A Bad Year for Boll Weevils

LITTLE ROCK (AP)—It's a bad year for boll weevils in Arkansas. But Grover C. Dowell, entomologist with the Agricultural Extension Service, predicted increased insect activity as a result of recent rains.

Dowell said 4,500 Arkansas cotton fields were scouted last week and not one had a weevil count high enough to justify use of insecticides.

"Initial applications of insecticides will be made later than in most years," Dowell said. He credited adverse weather with discouraging the weevils from leaving hibernation sites.

PRIVATE TALKS SCHEDULED — President Kennedy meets with West German President Konrad Adenauer on the terrace of the Villa Hammerschmidt, the West German presidential residence in Bonn. Kennedy was in Bonn for

scheduled private talks with Luebbe between sessions with Chancellor Konrad Adenauer and a ceremony marking the birth of a West German Peace Corps. At left is Mrs. Eunice Shriver and right, Mrs. Luebbe.

ARKANSAS POULTRY ROYALTY.

LITTLE ROCK—Representing Arkansas' poultry industry for the next year will be a new "Chicken Queen" and "Arkansas Poultry Princess," who were selected during the 4th annual Arkansas Poultry Festival here last week. Mrs. Ruby Reese of Springdale is the 1963 Chicken Queen and Cheryl Bechtelheimer of Camden is the 1963 Arkansas Poultry Princess. More than 1500 persons attended the coronation banquet in Barton Coliseum June 15 to see the winners crowned.

Beckworth to Get Hearing in Jackson

JACKSON, Miss. (AP)—A preliminary hearing will be held late today in city court on the murder charge against Byron de La Beckwith, 42, of Greenwood accused of assassinating a Negro integration leader.

The routine hearing deals only with whether there is probable cause to hold Beckwith in the case. Dist. Atty. Bill Waller said he would ask that Beckwith be held without bond until the grand jury, which convenes July 1, hears the charge.

The New Orleans Times-Picayune, in a dispatch from its correspondent in Jackson, said it learned Beckwith would be sent to the state mental hospital at Whitfield for psychiatric tests if he is indicted by the grand jury next week.

The paper reported sources said arrangements had already been made with the hospital in case of indictment, and the mental tests may require as long as two months.

Waller said he would seek the death penalty against Beckwith. Beckwith was accused of ambushing Medgar W. Evers in Jackson on June 12 after Evers drove up to his home.

The murder charge is not a federal case. The federal government postponed indefinitely any action on its civil rights violation charge against Beckwith, a Citizens Council member.

In Greenwood, a legal defense fund was being collected for Beckwith.

Here Native Dies in California

Friends have been informed of the death of Mrs. George Spragins in Arcadia, California on June 22. She is survived by her husband, a son, George Samuel Jr., a daughter, all of California. Mr. Spragins, a native of Hope, is president of the Bank of America in Arcadia.

Faubus Reduces Prison Terms

LITTLE ROCK (AP)—Gov. Orval E. Faubus reduced Monday the prison terms of three convicts at the recommendation of the state Pardon and Parole Board.

Faubus commuted from four years to two years and three months the sentence of Dale Seates, who was sentenced Sept. 5, 1962, in Pulaski Circuit Court for burglary and grand larceny.

The sentence of Albert L. Murray, sentenced Feb. 21, 1962, in Pulaski Circuit Court for violation of narcotics law, grand larceny and possession of stolen property, was reduced from five to four years.

Orval Bowlin, sentenced April 6, 1959, in Benton Circuit Court, has his 15-year-term for second degree murder reduced to 12 years.

Arkla to Explore in Far West

LITTLE ROCK (AP)—The Arkansas Louisiana Gas Co. announced Monday that it had signed a 7-year exploration contract under which it will seek to develop the minerals on 1.3 million acres in Arizona and New Mexico.

The contract was signed with the New Mexico and Arizona Land Co., which will get 25 per cent of any Arkla findings.

The land is contained mostly in seven major tracts near Aztec, Holbrook, Mojave and Winslow, Ariz., and Valencia and San Juan, N.M.

As lessee of the acreage, Arkla will finance the operation. Anticipated cost of the development was not disclosed.

Low Bid on Boy's School

LITTLE ROCK (AP)—Davis Quinn and Sons of Pine Bluff was the apparent low bidder by just \$3 Monday on a contract for construction of vocational rehabilitation facilities at the Arkansas Boys Training School near Pine Bluff. Quinn bid \$45,497. Chester Sparrow of Stuttgart bid an even \$46,000. There were two other bidders. Final approval of the contract is up to the state Board of Education.

Democrats to Pick Site of Convention

By HARRY KELLY

WASHINGTON (AP)—The Democratic National Convention will be held next year in Atlantic City, N.J., Gov. Richard J. Hughes of New Jersey was informed today.

Hughes was advised of the action during a meeting with New Jersey newsmen in his suite at a Washington hotel where the Democratic Site Committee met to pick a convention city.

It will be the first time the Democrats have held a convention in the East since 1948 when Harry Truman was nominated in Philadelphia.

There was no official announcement following a breakfast meeting of the committee, but about an hour later New Jersey officials were notified that their bid had been accepted.

Earlier Chicago representatives had virtually conceded that their city had been eliminated from consideration because its new Convention Hall would not be available the week the Democrats wanted it.

Apparently both Chicago and Miami Beach, Fla., remained in the running until the final vote this morning.

In making the selection, the Site Committee had these factors to weigh:

Miami-Miami Beach put in the high bid of \$700,000—and reportedly will go higher—for the pleasure and rewards of being the host city. However, some committee members were understood to be fearful that Miami's vast number of Cuban exiles might produce an embarrassing demonstration, although Florida spokesmen have given assurances there is no reason to fret on that score.

Atlantic City has bid \$625,000 cash.

Chicago has offered \$450,000 plus \$150,000 to ready the convention hall. However, Jack Riley, an aide to Mayor Richard J. Daley, indicated the city felt the competition was getting stiff.

Said Riley: "Mayor Daley has said repeatedly that Chicago will beat any reasonable bid; when you get that high the bids just aren't reasonable."

Another problem is that Chicago's big, new McCormack Place convention hall will not be available when the Democrats want it—the third and fourth weeks in August. But Democratic National Chairman John M. Bailey has made clear that this does not put the city out of the running, because the International Amphitheatre—the site of many a political convention—is available.

There have been reports that President Kennedy has spoken a few words in Chicago's favor.

If the Democrats pick Atlantic City or Miami-Miami Beach it would be their first East Coast convention since Harry S. Truman was nominated in 1948 in Philadelphia. The Republicans have already decided to hold their convention on the other coast, in San Francisco. It will open July 13, 1964.

No Americans Involved in British Scandal

By FRED S. HOFFMAN

WASHINGTON (AP)—Defense Department investigators questioning three U. S. airmen have found so far only a casual relationship between them and British party girl Christine Keeler, informed sources said today.

"There's been no evidence of any intimacy—it looks as though their paths just crossed," one informant said in discussing the progress of the investigation since the airmen were brought back from England for questioning last Friday.

More importantly, the sources said, there has been no indication thus far of any link between the three Air Force men and Capt. Eugene Ivanov, former Russian naval attaché in London who shared Miss Keeler's affections with former British War Minister John Profumo.

Asst. Secretary of Defense Arthur Sylvester, the Pentagon's chief spokesman, confirmed Monday return of the airmen for questioning after reports of the action appeared in British newspapers.

Saying, "Security is our basic concern," Sylvester told reporters that so far the investigation indicates no U.S. military personnel have been involved in any security aspect of the Profumo-Keeler case.

Sylvester declined to identify the Air Force men on grounds it would be unfair to them. He would only go as far as describing them as noncommissioned and enlisted personnel and saying they were with the 3rd Air Force with headquarters at South Ruislip near London.

The Defense Department information chief refused to say exactly how long the airmen had been in England.

Effort to Help This Man Is Futile

LITTLE ROCK (AP)—Pulaski Circuit Judge William J. Kirby slapped a 15-year prison sentence on Robert Meredith Sparks, 52, Monday and remarked that he was exasperated by "useless attempts" to rehabilitate Sparks.

Sparks was tried without a jury and convicted of stealing a car from a Little Rock auto lot last Aug. 3. Police said he first was arrested in 1929 in Texas and he has spent most of his adult life in prison.

Kirby approved two attempts to rehabilitate Sparks between the August arrest and the trial. He first released him to a group headed by Pratt Remmel, a former mayor of Little Rock, but Remmel's group turned him back to the court after five months as incorrigible.

Kirby said he then let Sparks go home with his father, L. R. Sparks, a retired minister, but the father told the court two months later that he couldn't do anything with the son.

On top of everything else, Kirby said, Sparks' court-appointed attorney, Harry C. Robinson, asked to be relieved because Sparks would not help him prepare a defense.

Kirby relieved Robinson and appointed Gerald T. Ridgeway who asked that the case be continued until January, 1964, to give him time to see if he could do anything with Sparks.

That was when Kirby made it plain that he was through trying to help the defendant.

Some Showers in Arkansas

Partly cloudy skies and isolated thundershowers are in the Arkansas weather outlook through Wednesday.

Mid-afternoon maximum temperatures are expected to range between 84 in the north and 93 in the south as they did Monday.

The forecast for the minimum range also is the same, from 64 to 72.

The outlook for Thursday is little change.

W. Germany Has a Model Peace Corps

By W. B. RAGSDALE JR.

WASHINGTON (AP)—In launching its "German Development Service" with a helping hand from President Kennedy, West Germany has beaten at least a dozen other nations to the line in putting into operation the first organization modeled after the U.S. Peace Corps.

Kennedy joined in ceremonies at Bonn Monday, along with West German Chancellor Konrad Adenauer and President Heinrich Lübke, marking the official beginning of the West German version of the Peace Corps.

"The U.S. Peace Corps commenced in 1961," Kennedy said, "and I believe it has given us an opportunity to harness the idealism which is, I think in all free people, not merely in the cold field of economic help, but in the human relations which must exist for a happy understanding between people."

The Peace Corps, first proposed by the President during his 1960 campaign, provides trained manpower, teachers, skilled workers and other technicians in the developing nations.

The success of the U.S. Peace Corps prompted organization last January of the International Peace Corps Secretariat to help other nations start their own programs.

Thirteen nations took part in the first international workshop for Peace Corps development here last month and all are planning to follow through with their own versions of the Peace Corps.

West Germany plans to send about 250 young men and women to developing nations this year, most of them to African nations. The number will be increased to 500 in 1964 and 1,000 in 1965.

Educational Coordinator

LITTLE ROCK (AP)—State Education Commissioner Arch Ford has named Dean H. Whiteside as the Education Department's coordinator to work with the state Educational Television Commission.

Ford, who named Whiteside Monday in a letter to TV commission Chairman T. E. Tyler, said Whiteside was most qualified for the coordinating post because on July 1 he will assume directorship of the Division of Instructional Materials of the Education Department.

Ford said the creation of a separate commission to handle development of a state educational TV network was justified in that the commission could devote full time to the project and accomplish it faster than the Department of Education.

Training School Bids

LITTLE ROCK (AP)—Davis Quinn and Sons of Pine Bluff submitted an apparent low bid of \$45,497 Monday for construction of vocational rehabilitation facilities at the state Training School for Boys at Pine Bluff. There were three other bidders.

JFK in Open Clash With DeGaulle on Future of Europe

By FRANK CORMIER

FRANKFURT, Germany (AP)—President Kennedy clashed openly with President Charles de Gaulle of France today over the future of Europe and U.S. willingness to defend its allies. "The United States will risk its allies to defend yours because we need your freedom to protect ours," Kennedy said.

He appealed to Allied leaders and peoples to unite in partnership with the United States and warned their failure to do so could break up the North Atlantic Treaty Organization.

Speaking in historic St. Paul's church in this ancient German trade city, the President rejected De Gaulle's charge that Europe's future defense cannot rely upon American nuclear might.

In words beamed all over Western Europe he denounced—with actual naming De Gaulle—"those who would doubt our pledge" or deny that the defense of the West is "indivisible."

Men who would split the allies or separate Europe from the United States, he said, "would only give aid and comfort to the men who make themselves our adversaries and welcome any disarray."

The President, having spent two days in Bonn, the West German capital, came here by way of the U.S. military base at nearby Hanau, where he lunched with the troops.

As his motorcade proceeded through the countryside and along the streets to the center of the city, crowds cheered his progress, rivaling in enthusiasm the reception he got driving through Cologne and Bonn on Sunday.

Minister-President Georg-August Zinn of Hesse estimated that a million people joined in the welcome to Kennedy.

At one point before making his speech, Kennedy walked into the crowd and shook hands with some of the people.

In St. Paul's church, a century-old symbol of German democracy and liberalism, a select audience of 900 German officials, legislators, dignitaries, business leaders and journalists heard the address.

Kennedy's carefully written policy speech was aimed beyond the old sandstone walls of the church to the far greater audience of European leaders and peoples with the power of decision between his views and De Gaulle's.

"Those who would doubt our pledge or deny this indivisibility—those who would separate Europe from America or split one ally from another—would only give aid and comfort to the men who make themselves our adversaries and welcome any Western disarray," he said.

Kennedy coupled his criticism with a challenge to all West Europeans—that they work together to become a new and unified

Heart Attack Is Fatal to Driver

LITTLE ROCK (AP) — Bryan Schaer, 67, of Little Rock, died at the wheel of his car Monday, apparently of a heart attack, as he drove down a Little Rock street.
Police Sgt. M. N. Politis quoted witness as saying Schaer slumped back in his seat just before his slow moving automobile jumped the curb and struck another car in a auto sales lot. No one was injured.
The furniture manufacturing company president was pronounced dead by a physician at the scene.

world power able to join the United States in "a full give-and-take between equals."
Kennedy's challenge to De Gaulle's ideas came in the major speech of his European tour, prepared for delivery in Frankfurt's Paulskirche. The historic St. Paul's Church is known as the cradle of German democracy. It was the focal point of the abortive 1848 uprising against tyranny.
De Gaulle has contended that the United States would not risk a nuclear holocaust at home to defend Western Europe. He conceives of a Europe free of close ties with the United States.
Without mentioning the French leader by name, Kennedy said doubts about American steadfastness "fly in the face of history."
He told his listeners:
"For 18 years the United States has stood its watch for freedom all around the world. The firmness of American will, and the effectiveness of American strength, have been shown in defense of free men and free government, in Asia, in Africa, in the Americas, and, above all, here in Europe."
The President said the United States has undertaken "and sustained with honor" mutual obligations with more than 40 allies.
"We are proud of this record, which more than answers all doubts," he said.
Kennedy's reply to De Gaulle was matched in emphasis by his appeal for greater European unity and increased cooperation with the United States.
"It is not in our interest to try to dominate the European councils of decision," he said. "If that were our objective, we would prefer to see Europe divided and weak, enabling the United States to deal with each fragment individually."
"Instead we look forward to a Europe united and strong—speaking with a common voice—acting with a common will—a world power capable of meeting world problems as a full and equal partner."
The United States, he continued, looks forward "to a united Europe in an Atlantic partnership—an entity of interdependent parts, sharing equally both burdens and decisions."

By JOHN M. HIGHTOWER
FRANKFURT, Germany (AP) — In an obvious challenge to French President Charles de Gaulle, President Kennedy called on the Western Allies today to fulfill their responsibilities to the North Atlantic Treaty Organization and build it into "a vigorous instrument of peace."
Speaking at the U.S. military base at nearby Hanau after reviewing 15,000 U.S. troops, the President took his theme from the presence of Canadian, West German and French troops in the honor guard welcoming him.
"It is not always easy in times of calm," he said, "to maintain the solidarity of an alliance. If all of us fulfill our responsibilities, we can make NATO not only a strong bulwark against attack but also a vigorous instrument of peace."
Kennedy noted that the alliance has survived 15 years and said it has a bright future if its members stand together. He called the record "almost unprecedented" in the history of alliances, which he said usually fall apart when dangers decline.
Kennedy, in the major address of his European tour later today, planned an even more pointed reply to De Gaulle's call for a Western Europe increasingly independent

1 THE PULL-UP (for arms and shoulders)

Sit straight, grasp the sides of the chair tightly with both hands and pull up as hard as possible.

2 THE HAND PRESS (for arms, chest and shoulders)

Sit straight with chest out and arms held across chest, place one fist inside the other. Press together using all the strength of the arms and the shoulders.

3 THE BACK PULL (for the back)

Keep back straight and lean forward until you can grasp your legs or braces of chair. Pull straight up using back muscles only.

4 THE NECK PRESSER (for the neck)

Sitting straight, clasp the hands behind the neck holding elbows forward. Pull forward with the hands and at the same time press the head backwards.

5 TUMMY TIGHTENER (for waist and abdomen)

Sitting with legs together straight out, bend forward and grasp the legs just below the knees. Press down with the hands, at the same time press up against the hands with both legs.

6 THE CRISS-CROSS (for chest and legs)

Placing the feet about 4 inches apart, bend forward and place hands against inside of opposite knees. Attempt to press knees together while at the same time holding them apart with the hands.

7 THE BODY LIFT (for shoulders, arms, abdomen)

Keeping the back straight, lean forward and place the hands palms down against the side of the chair. Hold legs straight out, attempt to raise body about 1 inch off the chair.

8 THE LEG SQUEEZER

While sitting forward on the edge of a chair, lean back, hold legs straight out. Hook one foot over the other and hold tightly. Rest feet on floor, keep legs straight, then try to pull the feet apart.

9 THE ARM CURL (for the upper arms)

Sit straight, grasp the underside of a heavy desk or table with palms up, forearms parallel to desk. Push up as hard as possible.

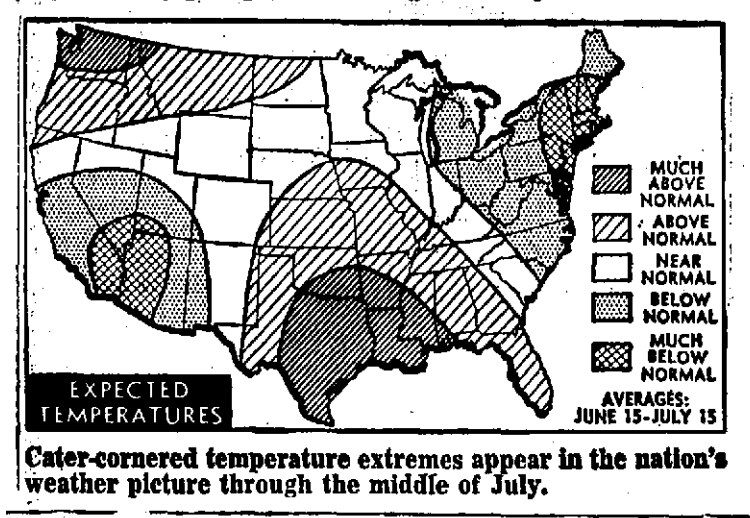

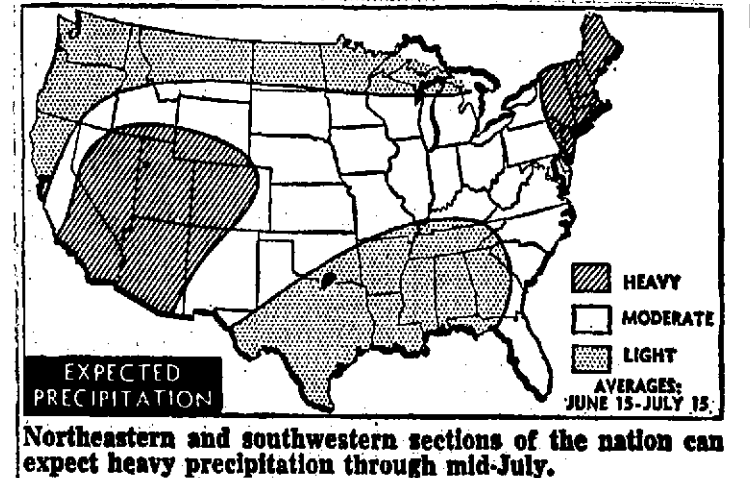

SHAPE UP WITH ISOMETRICS

For desk-bound sailors and Marines, who run the risk of putting on padding where it's not needed, Navy Department has developed a method of exercising which can be followed right at the desk, sitting down. The secret is called "isometrics"—the pitting of one set of muscles against another, similar to the "dynamic tension" method of Charles Atlas. There are nine basic exercises, lasting six seconds each. Thus, says the Navy, by exercising for only 54 seconds a day, the muscle strength of most persons can be increased from 3 to 5 per cent in a week. The proper technique is to hold your breath while you do each exercise (for six seconds). Then relax completely for a few seconds before going on to the next. All nine exercises should be performed at least once every day. Several times a day is even better, although any more than that has no effect upon muscle growth.

viewing 15,000 U.S. troops, the President took his theme from the presence of Canadian, West German and French troops in the honor guard welcoming him.
"It is not always easy in times of calm," he said, "to maintain the solidarity of an alliance. If all of us fulfill our responsibilities, we can make NATO not only a strong bulwark against attack but also a vigorous instrument of peace."

15 Persons Meet Death by Violence

By THE ASSOCIATED PRESS
Fifteen persons died violent deaths in Arkansas during the week ended at midnight Sunday, including three over the weekend.
Patsy Ann Matthews, 8, a Negro of Biscoe, was struck by a truck-trailer driven by Lawrence H. Underwood of Dalton, Ga., when she darted across U.S. Highway 70 near her home Sunday.
Lee Berry, 39, a Negro of Fordyce, was killed Saturday when he apparently lost control of his car on a curve of U.S. Highway 79, one mile south of Kingsland in Cleveland County. State Trooper J. L. Fleeman said Berry was thrown from the car and pinned beneath it.
Mrs. Mary B. Harris, 47, of Little Rock, was struck by a car Saturday night while crossing a street in Little Rock. Police said a car driven by Larry W. Lamorgese, 22, of Jacksonville, skidded 110 feet before striking the woman.
Earlier in the week, six persons died in traffic accidents, two drowned, one was shot to death, one died in a tractor accident, one died of a beating and one died in an industrial accident.

ly where the airmen are now. It was felt "questioning could be done better here," Sylvester told newsmen when asked why the probe wasn't conducted in England.
Informants said the airmen are not under arrest and that no charges have been lodged against them. It could not be learned whether they were being given lie detector tests.
Other sources said "there is not a bit of evidence" to tie Capt. Thomas Murphy into the case. Murphy has been naval attaché in London and newspapers recently published a photograph of Mrs. Murphy kissing Ivanov at a party in December 1961. Mrs. Murphy has explained that this was part of a traditional ceremony involving an Elizabethan "kissing cup" and said "I wasn't kissing him; he was kissing me."
Murphy is being transferred to Washington next month. The D.S. embassy has said the Navy four-striper's transfer had nothing to do with the picture and that he had received his orders before the photograph was disclosed.
On the questioning of the airmen, Sylvester said the first knowledge the Defense Department received that any U.S. military personnel might be involved with Miss Keeler came from newspaper reports a week ago last Saturday.
Subsequently, he said, the department received direct reports giving names of U.S. personnel.
The British newspaper reports had said two airmen had been recalled for questioning and named them as Charles Lee Wright of Mount Vernon, Ill., and Sgt. George Hopkins of Belaire, Ohio.
Without confirming that these were two of the men being questioned, the Pentagon said that a Sgt. Charles Lee Wright of Mount Vernon, Ill., and a T. Sgt. George Hopkins of Belaire, Ohio, were listed as serving with the 3rd Air Force in South Ruislip.

Hays Discusses Racial Problems

NASHVILLE, Tenn. (AP) — Presidential aide Brooks Hays, a former Arkansas congressman, told a race relations audience at Nashville, Tenn., Monday night that the "day is past when state and local governments can handle racial problems by themselves."
Hays, speaking at the 20th annual Race Relations Institute at Fisk University, said the federal government is seriously determined to rid the land of all forms of racial discrimination.
The current administration "considers nothing else as important," Hays said.
Of present-day relations, Hays said the "paternal kindness of the 19th century is not enough for these dynamic 60s."
Hays urged that Negroes exercise restraint from violence and economic reprisals, adding that he foresees "a new and better day" for race relations.

Korean Landslides Fatal to 116

PUSAN, South Korea (AP) — At least 116 persons were believed killed in four landslides which rocked the southern coast of Korea Monday night and today.
Ninety-four Koreans were reported killed today by a landslide in a village on Koje Island.
Another 22 perished in three smaller slides Monday night in Pusan and nearby Kimhai County, police said.
The landslide followed five inches of rain.

Jones to Speak

LITTLE ROCK (AP) — Norman Jones, national director of rehabilitation for the Veterans of Foreign Wars, will be the main speaker at the Arkansas VFW convention in Little Rock Thursday through Sunday.

Faubus Blasts Welfare Policies

EL DORADO, Ark. (AP) — Gov. Orval E. Faubus blasted welfare policies in a speech before an El Dorado civic club Monday, but admitted that he was an early advocate of many welfare programs.
The governor said welfare had developed to the point now where many persons "demand something for nothing as a natural right."
Faubus declared that he had not envisioned the time when the biggest checks would go to those who had "committed the biggest sin." He said he knew of a case involving an unwed mother who was receiving a welfare check for each of her 24 children.

ent of the United States.
Speaking from historic St. Paul's Church in this ancient German trade city, Kennedy was expected to hammer anew at a need for across-the-board cooperation between Western Europe and North America.
At a news conference in Bonn Monday, Kennedy bluntly warned that without close harmony among Western allies on trade and financial issues, living standards would decline and financial anarchy would develop.
Adenauer. But of the treaty itself he said that two-nation agreements do not strengthen the Atlantic alliance as much as arrangements joined by many allies.
"We want to make sure that NATO stays strong," Kennedy said, "because I think NATO is essentially the security of the Federal Republic (West Germany) and we regard it as essential to the security of the United States."
"Those who do not place comparable importance on it," he added in an obvious reference to De Gaulle's views, "it seems to me, are ignoring history and are over-optimistic of the future."
The President had a full day of conferences with Adenauer and other West German leaders in Bonn Monday. He was reported to have told them that in view of the heavy cost of its contribution to Western defense, the United States urgently needs their cooperation in lowering trade barriers and increasing U.S. exports.
Kennedy is understood to have remarked that he was concerned with broad policies of economic cooperation. He warned against letting the enterprise be "ruined by bookkeepers' haggling over details."
Kennedy and Adenauer, in a communique summing up their talks Monday, declared their agreement "that every effort will be made to strengthen common defense planning and joint operation of NATO defense forces."

A Fine Old Partnership Is Renewed

by BOB THOMAS

AP Movie Television Writer HOLLYWOOD (AP)—A fine old partnership is being renewed in a new guise — Bette Davis and Paul Henreid.

You remember the two cigarettes. Of course you do. How Paul sentimentally lit two of them and handed Bette one in the unabashedly sentimental "Now Voyager" (1942). It was the great, est thing that happened to smoking until the filter tip.

They're back together again, only smoking independently these days. They returned to their old acting grounds, Warner Brothers, to make "Dead Ringer." This time Henreid is directing Bette, who is playing two of the starring roles. Karl Malden is her leading man.

"It's really marvelous to be working with Bette again and to have Jack Warner put his arms around me and say, 'Paul, it's great to have you back,'" said Henreid. "Simply marvelous."

He indeed seems to be a happy man as he embarks on the complicated film, which will require split-screens and other trickery for Bette's dual role. He is no tyro at directing, having done a few modest films and 100 television shows.

How did he develop that phase of his career?

"That was really what interested me most when I studied at the academy in Vienna," said Trieste-born Henreid. "But I neglected my desire to direct because of the gratification of the success I enjoyed as an actor first in Vienna, then in London and New York and finally, here."

The big change in his career came after he had acted in a School of the Garrett Memorial Church met Thursday evening June 20 in the home of Mrs. Larkin Bohannon.

Mrs. Wayne Johnson led in the opening prayer. Mrs. Ivy Mitchell presided over the business session which followed.

Mrs. Clifton Booth brought the devotional reading the 4th chapter of Acts and using as her subject, "We Are Reflectors of Christ."

Mrs. Waddle Cunningham presented a "Bible quiz" program with each one taking part.

At the conclusion of the meeting, refreshments were served to the fourteen members present.

Shover Springs 4-H Meets
The meeting of the Shover Springs 4-H Club was called to order at 7:30 p. m. June 18, by Judy England, president. Linda Arrington gave the devotional and led the group in singing.

Judy England led the group in the pledge to the flag. Lorena Arrington, secretary, read the minutes and called the roll.

Linda Arrington gave a report on her visit to Camp Clearfork; others attending camp were Lorena Arrington, Jimmy Howell and Laura Sue England. Jimmy gave a report on the Forestry Camp at Camp Couchdale that he also attended. David Flesher gave a demonstration on how to make a gun rack.

Mrs. Bettie Duncan discussed Activity Day.

Linda led the group in recreation and Judy and Laura Sue served refreshments to 19 persons.

Rocky Mound H D Meets
The Rocky Mound Home Demonstration Club met Thursday afternoon, June 20, in the home of Mrs. Charles Emeick.

With president being absent, the meeting was opened by the vice president, Mrs. Orie Byers. The eyeopener was made by Mrs. Ivan Bright and displayed by Mrs. Earl Dudley. The song of the month was sung.

The devotional was given by the hostess taken from Psalms 91.

Good, useful hints were given on time saving meals, as the members answered the roll call.

Minutes were read and approved and gave a report on finance. A discussion on Arkansas was given along with other reports by leaders.

Games were played and refreshments served to 9 members present.

The meeting adjourned to meet in July in the home of Mrs. Orie Byers.

Shover Springs In Activity Day
The Shover Springs 4-H Club participated in Activity Day, June 20 with two of their members winning first place. Dwayne Arrington, won first place in Plant and Seed Identification and Franklin Flowers won first in Tractor Driving.

Jim and Danny Flesher received "B" awards in Plant and Seed Identification and Judy England and Linda Arrington received "B" awards in Cooking and Lorena Arrington received second place in Method Demonstration.

David Flesher and Jimmy Howell won "C" awards in Plant and Seed Identification.

Nikita Warns of Deaths in Nuclear War

MOSCOW (AP)—Soviet Premier Khrushchev warned today that a new world war would kill hundreds of millions of persons and incinerate "much of what we generally call civilization."

"It will be a rocket nuclear war of extermination," he told the opening session of the Communist-dominated World Woman's Congress.

He said the Soviet Union would continue a policy of peaceful coexistence.

Khrushchev did not mention the Chinese Communists by name, but his policy of peaceful coexistence runs directly counter to Peking's ideology. So does his emphasis on the horrors of thermonuclear war, which the Chinese "downgrade."

His speech was read for him to the 6,000 delegates from 119 countries by a Soviet delegate even as preparations went on for a showdown meeting of Soviet and Chinese Communist parties in Moscow July 5. The text was distributed by Tass, the Soviet news agency.

Khrushchev blamed what he called "the imperialist forces of the United States" for tension in the world. He charged U.S. war preparations "have assumed a tremendous scope, unparalleled in history."

Spacewoman Valentina Tereshkova received a resounding ovation at the opening session.

"Valya, Valya," delegates chanted as she entered the huge hall with Lt. Col. Valery Bykovsky, who orbited with her on the dual space flight.

The delegates showered Valentina with flowers and pressed gifts on her. Cheers drowned out efforts by Chairman Nina Popova to make a welcoming speech.

Bykovsky, who has played second fiddle to the world's only woman cosmonaut since the flight ended, stood quietly in the background.

The meeting, which runs until Saturday, will deal with equal rights for women, peace, disarmament and the upbringing of children.

Delegates came from the United States, Red China and scores of other countries.

There is a tradition which claims the main reason DeSoto came to Arkadelphia was to get a supply of salt for his men, horses, and other animals.

bonb called "10,000 Bedrooms." After he saw the preview he told his wife: "If that is what is ahead for me as an actor, I would rather be running a gas station."

Provisionally, Alfred Hitchcock called him shortly afterward. He was undergoing an operation. Could Paul direct a television show he was supposed to do?

Paul did. He has since directed 40 Hitchcocks, plus a score of other filmed television shows. He still acts in an occasional film; his latest: "The Four Horsemen of the Apocalypse."

He admitted directing brings much less return.

"Naturally I have had to change my way of life," he said. "No more yacht, no more horses for my daughters. Yet there is no great difference between an income of \$75,000 which is still a lot of money, and \$300,000."

He is not at all concerned about working with Davis, who has been reputed to firecise directors. He directed her in a Hitchcock show and reports they got along famously. "The main thing is to consult with Bette beforehand so you agree the dialogue and action is right," he said.

DOROTHY DIX

GIRL FINDS FAMILY HISTORY REPEATS ITSELF

By HELEN WORDEN ERSKINE

Dear Helen: My mother and dad divorced when I was 12. The court gave me to Mom but Dad kicked, went to court and got me in his custody, only because he didn't want to pay Mom for child support.

The woman he later married did not want me. I got so fed up with being a slave to everyone that I married at 17. It was the old story of jumping from the frying pan into the fire.

One night when my husband and I were quarreling, it suddenly struck me that this was like some play in which I'd often taken part — the lines had a familiar sound. Then, even as I spoke them I realized this was how Mom and Dad quarreled and it made me sick at heart.

Like them, I had a little girl. Rather than see her suffer as I did I made a desperate attempt to salvage my marriage. It might have worked had my husband been willing to cooperate. But, just as with Dad, there was another woman, so we eventually divorced and the court gave me custody of our child. Now, God help me, my husband is fighting for her simply because he doesn't want to pay for her support.

The recurring pattern in our family life frightens me. Is this predestination? Am I to stand helplessly by and see my little girl crucified as was I? —Frightened.

Dear Frightened: You are helpless only insofar as you believe yourself to be. Fettered by the memories of your tragic childhood you wait with bowed head for that which you fear to overtake you. And it surely will, if you remain passive. The solution to most problems in life, as in war, is to take the offensive.

Go to the judge who gave you custody of your child. Explain the situation. If yours is the fair case it appears to be, he will back you up. But, and this is important, before seeing him, decide upon a future line of action. Note that I say "action." Your position will be all the stronger if, instead of relying upon your ex-husband for the support of you and your child, you find a job, arrange for living quarters within your budget, and either place your little girl in a day nursery or summer school, depending upon her age.

Personally, I do not believe in predestination. It is the philosophy of the passive. I believe that the Lord helps those who help themselves. Send a stamped, self-addressed envelope for my leaflet, "Women at Work."

Subs Shield Orange Grove Russia Told

MOSCOW (AP) — The United States told the Soviet Union today that American Polaris submarines in the Mediterranean to shield "the Acropolis and the orange groves of Italy" from Soviet threats.

The statement was contained in a note to the Soviet Union replying to the Soviet proposal to make the Mediterranean area a nuclear-free zone.

The 700-word note said the Soviet Union, in announcing repeatedly that it had batteries of rockets aimed at Mediterranean allies of the United States, was employing "nuclear blackmail under which the Soviet Union could have attempted to force the Mediterranean countries to succumb to Soviet dictation or Soviet domination."

The American note, delivered to the Foreign Ministry by messenger, said the Soviet proposal of May 20 was devoted primarily to a "propagandistic attack against the presence of United States missile-launching submarines in the Mediterranean and contains a large number of gross misrepresentations."

Credit Tight But Loans Are Available

By SAM DAWSON

AP Business News Analyst

NEW YORK (AP) — Mortgage funds are readily available in most sections of the nation despite tightening of credit in the short-term money markets. And building of housing units this year should about equal last year's volume, while other construction is expected to rise above 1962.

Foreclosures have been rising, however, despite a steady increase in personal incomes enjoyed by most home owners.

Taking the long look, the Family Economics Bureau of Northwestern National Life Insurance Co. points out one of the problems.

"Encouraged by modern liberalized mortgage financing and rising postwar incomes," the Minneapoli-based firm says, "nonfarm home ownership in the United States has expanded by nearly 100 per cent since the end of World War II. But in those same 17 years, the annual toll of defaulted residential mortgages resulting in foreclosures, has zoomed more than 700 per cent."

The figures are: At the end of the war 16 million nonfarm families owned their homes; today 31 million do. But in 1962 more than 86,000 nonfarm houses were foreclosed, the highest total since 1939 and capping 10 straight annual increases.

Official estimates put foreclosures in the first three months of 1963 at 23,500, compared with 21,000 in the like period of 1962.

The insurance company thinks the trouble is the "old American custom of overdoing a good thing, in this case the easing of mortgage credit to encourage home ownership."

It reports that 44 per cent of the nation's homes were mortgaged in 1950 for an average of 42 per cent of their value. Today more than 60 per cent are mortgaged to an average of more than 50 per cent of their value.

In the field of commercial construction Dr. Reiersen notes two trouble spots this year—"reports of difficulty in finding tenants for the steadily increasing supply of office space in New York and some other areas of the country, and a cutback in the construction of new shopping centers." But completion of the large number of projects begun last year will keep 1963's total at about the same level.

And he looks for industrial construction to improve in the months ahead, as well as greater activity in public construction. Adding them all up, the New York banker looks for \$62.5 billion of construction this year, 2 per cent higher than last year's record.

The funds are available, the urge to build or to own one's own home is still high—and the mortgage terms are still attractive.

McClellan Raps Planned Deficit

ATLANTA (AP)—Sen. John L. McClellan, D-Ark., declared Monday that a planned deficit proposed by the Kennedy administration was not better than an un-planned one.

McClellan told a convention of the American Apparel Manufacturers Association that national revenue could not be reduced while spending increased because such an "ingenious expedient" would only "perpetuate deficit spending."

The senior senator from Arkansas defended the last Congress against charges that it was "doing nothing" and said legislation should be judged on its quality rather than quantity.

"Congress also can make a good record by defeating bad legislation," he said, citing an anti-filibuster proposal of last January.

If that bill had been passed, he said, Kennedy's civil rights bills "would likely find easy passage."

McClellan also called for prohibition of strikes at missile plants and other defense facilities and condemned what he termed excessive power of labor union leaders in transportation.

The town of Washington, Arkansas, was the first one to be incorporated after Arkansas became a state.

Dear Helen: I would like to write a book about cats. I'm allergic to them but no matter where I go, they seek me out. Being of an inquiring mind, I consulted psychologists, zoologists, cat lovers and cat haters, as to the cause. The answers I got would literally fill a book. When finished should I send this script to New York or Chicago? —Cat Hater

CHATTER

By "BILL"

You often hear people (usually the male species) say that women are vain and conceited. Well, honestly, all you have to do is work in our place for a few days and you will certainly change your mind about that.

We have been fitting clothes on women for many, many years and so help us, we haven't had one admit being satisfied with her figure! We are too thin, too tall, too skinny, there isn't one who will try on a new dress and say . . . "My, but I DO look lovely in this!" If one ever does, there will be no more of this chatter, because we will be floating around in that special Heaven reserved for salesgirls.

On the other hand, it is just human nature to try and look our best in summer and this is the most trying time for any woman's wardrobe. We expect the most from hot weather clothes and we always want to pay the least for them.

For this very reason we invite you to shop at Raley's Style Shoppe. We have gone all out to secure smart looking cottons that will take you from early morning until late at night, with that fresh, cool look.

The neat little sun-dress to wear mornings, comes in all sizes and is priced at \$10.95. The pants, in six lengths, with shirts to match. The casual afternoon dress of dacron and cotton; the brand new dark sheers for after five; the summer suit for travel or vacation; the lingerie to go under any and all of these things . . .

You name it and we have it . . . and what's more we would love to share . . . we will be looking for you, remember the place, Raley's Style Shoppe, 523 West 3rd Street.

Both Parties Doping Out Campaigns
EDITOR'S NOTE - Even now, with the smoke of battle months away, Republican and Democratic party leaders are doping out their campaigns for the 1964 presidential election. Just what do they think the issues will be? Democratic National Chairman John M. Bailey and Republican National Chairman William E. Miller gave their views in an exclusive interview.
By JACK BELL and ERNEST B. VACCARO
WASHINGTON (AP) - Already the rival political strategists are staking out the battlefield for the 1964 presidential campaign and zeroing in on what they expect to be the big targets. What do they figure the issues will be a year hence?

Foreign policy "preempts every issue," Republican National Chairman William E. Miller declares. "The chief issue is going to be how well did President Kennedy run the affairs of this country," says Miller's opposite number, Democratic National Chairman John M. Bailey.

In a joint interview, both party leaders agreed that civil rights legislation should be considered by Congress on a bipartisan basis. Miller, however, did express reservations about the chief provision of the President's civil rights package, a proposal for enforcement of desegregation of private firms serving the public.

Here are some of the other questions and the party leaders' answers in the interview:
Q. What do the Republicans propose doing about Cuba?
Miller: I can think of many things which might be done. Perhaps at this stage of the game we should refuse to allow ports of entry to any ship carrying any material to Cuba.

I think we ought to eliminate all foreign aid to any South American country or any Latin American country doing business with Castro. We might well consider recognizing a government-in-exile. We might consider restraining the use of the Panama Canal to ships carrying cargo to Cuba.

Q. Let us have an observation from Chairman Bailey on that.
Bailey: The Republicans have a bad habit of succumbing to reckless partisanship in the area of foreign policy when they are out of power. A good many of them have done just that in the case of Cuba. In my opinion, a big majority of the American people know that the President has given them the facts about Cuba, and they are pleased the way he handled the crisis last fall. I do not think that Cuba should be a political issue in '64 and I do not think it will be.

Q. Mr. Bailey, what impact do you expect the current turmoil over civil rights to have on the '64 presidential campaign and the congressional elections?
Bailey: Obviously, civil rights will have some impact on the 1964 campaign. However, I believe the President is trying to work out with the Republican leader-

Mary Allen.
Eleven girls and one sponsor enjoyed the social period.
The next meeting will be a business meeting. Lois Ann Hicks, Reporter.

SKY RISER-Practicing the reverse of sky diving-sky rising-Morris Hufts, 39, of Churubusco, Ind., is shown as he took to the air while being towed over the frozen surface of a lake last winter. Hufts uses a special parachute called a parakite. To become airborne, a tow vehicle heads into the wind at 10-15 miles an hour. A few steps and the parakiter sails into the sky. The 100-foot nylon tow rope permits altitude of 50 feet.

Child Drowns in Farm Stockpond
FAYETTEVILLE, Ark. (AP) - Judith Ann Wyman, 2, drowned Monday in a pond 200 yards from her rural home near West Fork, 10 miles south of Fayetteville.

Washington County authorities said no one saw the child in the water until it was too late. She was pulled from the pond by her mother, Mrs. J. L. Wyman.

ship a bipartisan approach to this social change that this country's going through, and I think it's a little too early to say exactly what effect this is going to have in '64.

Q. Chairman Miller, do you think the Republicans will furnish bipartisan cooperation behind civil rights legislation or that it could be removed from the campaign?
Miller: I think it ought to be a bipartisan issue. I think it's a moral issue. I don't think it's a political issue. But it's a little difficult to keep out of the political arena.

Q. Do you think there might be some way in which Sen. Dirksen might compromise this issue?
Miller: I do, I do, I do, I do, I do.

Q. What's your view on this, Mr. Bailey?
Bailey: As chairman of the Democratic National Committee, I don't want to get into any partisan debate on this at this time.

Q. Chairman Miller, has Governor Rockefeller's remarriage damaged his party standing to such an extent that you believe the contest for the Republican presidential nomination is now wide open?
Miller: I think the fight for the nomination was always wide open.

However, I must say that at this stage of the game, his remarriage has hurt him.
Q. Former President Truman said the other day that the Democrats can win without the South. Are you ready to write off the South in 1964?
Bailey: Absolutely not. There is no intention by anybody to write off the South. We carried North Carolina, South Carolina, Georgia, Arkansas and Texas last time. I feel quite positive that when the election comes in 1964 President Kennedy will do as well if not better in the South than in 1960.

Comedian's Life Not All Jokes
By CYNTHIA LOWRY
AP Television-Radio Writer
NEW YORK (AP)-The life of a comedienne, even a successful one, isn't all jokes and the lovely sound of laughter.

Take, for instance, the case of Ann B. Davis, the young actress who was catapulted to fame and some fortune several seasons back with the role of "Schultz," Bob Cummings' secretary in a comedy series about a photographer with a roving eye.

Actually, Ann came off better in the show than Cummings, himself. When the series, as all series must, had run its network course, there was great interest in developing a special series tailored to her talents. One property in which she was particularly interested was based on a cartoon character, an indomitable character named "Hazel."

For a year, Ann held back on other commitments and worked on the "Hazel" project. Then it was announced that the property had been acquired by a major studio and that Shirley Booth would star in the role.

"Of course, we had conceived of a character very different from Shirley Booth's," conceded Ann. "And that isn't a disparagement, because her character is just great."

So Ann and her associates took their concept of "Hazel," moved her into a different situation-a secretary-and gave her another name. They came up with a new series. There was an interested sponsor and network, and the deal was on the verge of being completed. Then, suddenly, the sponsor pulled out. That took care of another year.

Meanwhile, Ann, a speech and drama major from the University of Wisconsin, was not really suffering. She had plenty of motion picture and theater work, did summer stock and had a fine income from the re-runs of the Cummings Show.

But she hankers for her own television series.

Ward Figures in Sox Win, Gain on Yanks

By MIKE RATHET
Associated Press Sports Writer

The Chicago White Sox hit the bullseye when they pulled off a multiple-player swap that included Pete Ward, a young third baseman who has been right on target since he kicked the Ty Cobb habit.

Ward, who used to bat with his hands spread apart in the Cobb manner but now is taking a closer grip on things, triggered a 5-2 victory over American League leading New York Monday night that moved the White Sox to within one game of the Yankees.

Continuing his bid for Rookie of the Year honors, the 23-year-old left-handed swinger got the White Sox rolling with a second-inning homer, then singled in a four-run fourth inning uprising that put it out of the Yankees' reach.

Ward, who came to the White Sox along with Ron Hansen, Dave Nicholson and Hoyt Wilhelm in the big deal with Baltimore that sent Luis Aparicio and Al Smith to the Orioles, now has a .303 batting average to go with nine homers and 42 runs batted in.

While the White Sox were moving up, Boston closed to within four games of the top by beating Cleveland 7-5, Minnesota whipped Baltimore 6-4, the Los Angeles Angels edged Washington 3-2 and Kansas City downed Detroit 6-3.

In the National League, San Francisco took over first place by defeating St. Louis 4-3, the Los Angeles Dodgers nipped Cincinnati 5-4 and Milwaukee shut out Houston 3-0. The other clubs were not scheduled.

The Indians twice rallied to tie, the last time on Willie Kirkland's two-run seventh inning homer, but Gary Geiger went in for Boston with a two-run, two-out, two-strike homer in the bottom of the ninth. Lu Clinton and Chuck Schilling also homered for the Red Sox. Jack Lamabe, 3-0, got the victory with Jerry Walker, 6-2, the loser.

The Twins struck quickly against Milt Pappas, 5-4, scored twice in the first inning and three times in the second to beat the Orioles. Winning pitcher Jim Kaat 7-6, drove in what turned out to be the decisive run with a double in the third but needed Bill Dailley's relief help to nail the victory. Jackie Brandt homered for Baltimore.

The Angels, shut out on two hits for seven innings by Claude Osteen, erupted for three runs in the eighth to beat the Senators. Hank Foiles' homer got Los Angeles started and singles by Lee Thomas, Ed Sadowski, Albie Pearson and Jim Fregosi finished the job. Art Fowler, 2-0, worked two scoreless innings to pick up the victory. Osteen is 1-6.

The A's came from behind to down the Tigers with Bobby Del Greco and Jerry Lumpe supplying the key blows in support of Ed Rakow, 7-5. Del Greco banged a two-run homer in the third and Lumpe lashed a two-run triple in the fourth to tag Don Mossi, 4-5, with the defeat. Ken Harrelson homered for Kansas City while Bill Bruton connected for Detroit.

Australian Has Chance for a Slam

By JOHN GALE

WIMBLEDON, England (AP)—
Australia's Roy Emerson, the
world's top-ranked amateur ten-
nis player, has two legs on tennis'
Grand Slam but he's a long way
from a shoo-in for the Wimbledon
title.

"He's a good player and he has
as good a chance as anybody of
winning," said Bill Lenior of
Tucson, Ariz., after falling before
the Australian in Wimbledon's
opening round Monday.
"But he's no cinch for the
title," Lenior said. "I have the
feeling he could have a bad day
which would put him out."

The sentiment was echoed by
former Wimbledon champion
Jaroslav Drobny, now a London
newspaper columnist and one of
the world's leading authorities on
the game.

"I take unseeded Rafael Osuna
of Mexico to claim Rod Laver's
vacated crown and become the
new Wimbledon champion," Drob-
ny wrote.
Osuna, a Mexican Davis Cup-
per who is a student at Southern
California, grinned when he saw
the article and said:
"I hope I can live up to his
opinion."

Asked if he thought he could
beat Emerson, Osuna replied:
"Let's put it this way. If I got
past Santana, I'll win the tourna-
ment."

Osuna referred to second-seed-
ed Manuel Santana of Spain, who
he probably will meet in the third
round. Santana did not play in
the rain-shortened Monday pro-
gram.

Osuna had some trouble elimi-
nating Mikhail Mozer of Russia
6-4, 9-7, 6-3. Emerson, who al-
ready has nailed down the French
and Australian titles, whipped
past Lenior 6-0, 6-4, 6-3.

Rain cut Monday's program
about in half and eight Ameri-
can entries, including Chuck Mc-
Kinley, didn't get on the courts.
Cliff Buchholz of St. Louis, had a
2-1 lead over Italian Davis Cup
star Nicola Pietrangeli before the
match was postponed. They are
scheduled to finish today.

McKinley, the United States'
top-ranked player, goes against
Cliff Drysdale of South Africa to-
day.

Other pairings have Gene Scott,
New York, playing Owen David-
son, Australia; Arthur Ashe, Rich-
mond, Va., vs. Carlos Fernandez,
Brazil, and Frank Froehling,
Coral Gables, Fla., playing Don-
ald Dell, Bethesda, Md.

The principal part of today's
program was first-round activity
for women, with Australia's Mar-
garet Smith favored.
Five American men, including
Dennis Ralston of Bakersfield,
Calif., survived first round play.
Ralston, who won the NCAA
title last week but is unseeded at
Wimbledon, beat Laci Legenstein
of Austria 6-4, 6-4, 6-3.

Other American winners:
Herbie Flam, Palm Springs,
Calif., defeated Geoff Knox, Aus-
tralia, 7-5, 4-6, 6-2, 4-6, 6-3; Jack
Frost, Monterey, Calif., defeated
Thomas Koch, Brazil, 3-6, 7-5,
9-7, 13-11; Ed Robinoff, Miami
Beach, Fla., defeated Daniel Con-
tet, France, 8-6, 6-1, 6-3; William
Hoogs, Berkeley, Calif., defeated
Jose Arilla, Spain, 8-10, 12-10, 6-2.

The big upset was the defeat of
Allen Fox of Los Angeles by
Rhodesia's Adrian Bey 6-4, 12-10,
6-2.

Other American first round
losers included Jim McManus of
Berkeley, Calif., Gardner Mulloy
of Coral Gables, Fla., Ronnie
Fisher of Houston and Bill Bond
of La Jolla, Calif.

Sentenced for Hays Robbery

WASHINGTON (AP)—Huntly
Ruff Jr., 17, a Negro of Washing-
ton, has been sentenced to eight
years in prison for the robbery of
Mrs. Brooks Hays, wife of the for-
mer Arkansas congressman who
now is special assistant to Presi-
dent Kennedy.

Mrs. Hays said the youth threat-
ened her with a pair of scissors
and broke her wrist in an attempt
to force her to hand over any
money she had. She said he fled
after she gave him \$12.

That Was Close

STUTTGART, Ark. (AP)—County
Judge John L. Peterson and
Bob Noakley, a businessman, were
standing about 30 feet from a tree
Wednesday when lightning struck
it. Peterson said the concussion
designed him temporarily and he
had a ringing in his ears for sev-
eral minutes. When the lightning
hit the tree on the courthouse
lawn, a ball of yellow flame "like
that of an arc welder" streaked
down it, Peterson said, strewn
pieces of bark across the yard.

Giants, Dodgers Playing Game of Leapfrog

By JIM HACKLEMAN
Associated Press Sports Writer

Getting a quick jump, the San
Francisco Giants and Los Angeles
Dodgers have hopped ahead in
that game of leap frog they're
playing in the National League.

The Giants scrambled for all
their runs in the first inning Mon-
day night and bounced into the
lead over St. Louis, shading the
Cardinals 4-3 with some clutch re-
lief work from Billy Pierce.

The Dodgers collected all their
runs in the first three innings and
took third place away from Cin-
cinnati, snapping the Reds' win-
ning string at seven games, 5-4.

At latest count, the Giants are
one-half game ahead of the Cards,
with the Dodgers another one-half
game back and the Reds still an-
other one-half game behind.

In the only other NL game
played, Denny Lemaster of Mil-
waukee became the latest in a
lengthening line of pitchers to shut
out Houston's runless wonders
with a four-hit 3-0 victory. The
loss was the ninth in a row for
the last-place Colts, and the shut-
out was the fifth in their last six
games.

The Chicago White Sox beat the
New York Yankees 5-2 in a match
between the American League's
two top clubs. In other AL action
—Boston trimmed Cleveland 7-5,
Kansas City knocked off Detroit
6-3, Minneapolis downed Balti-
more 6-4 and Los Angeles over-
came Washington 3-2.

Pierce replaced Juan Marichal
in the seventh inning at St. Louis
with one run in, a man on second
and two out and retired the last
seven Cards in order. With that
help, Marichal's record went to
11-3.

Harvey Kuenn led off the game
against loser Lew Burdette with a
triple and was out at home trying
to score on a grounder, but the
Giants quickly recovered for their
four runs. After Willie Mays' sin-
gle, error and a walk, Burdette
hit Orlando Cepeda with a pitch,
forcing in a run.

Then came Ed Bailey's sacrifice
fly, another error, and Jim Daven-
port's run-scoring single.

Bill White tagged Marichal for
a two-run single in the fifth and
the star right-hander gave up a
homer to Julian Javier and a dou-
ble to Dick Groat in the seventh
before Pierce stepped in.

The Dodgers roughed up Jopey
Jay for their five runs and six of
their seven hits in the first 2-1-3
innings and it looked like a breeze
for Don Drysdale. The big right-
hander checked the Reds without
a hit over five innings and al-
lowed only two through seven-
but never got through the eighth.

Singles by Gordy Coleman and
Leo Cardenas around two wells
brought on Ron Perranoski in re-
lief of Drysdale, and Cincinnati
counted three more runs on pinch
singles by Tommy Harper and
Ken Walters and a double play
grounder before Perranoski final-
ly quelled the rally.

Willie Davis' three-run homer
was the major blow against Jay,
the 21-game winner of last year
who currently is 3-11.

Travs Break Tie to Down Buffalo

LITTLE ROCK (AP)—Arkansas
ran up an early lead, then battled
its way out of a 5-5 tie Monday
night to down Buffalo 7-5 in an
International League baseball
game at Little Rock.

The victory was the fifth
straight for the Travelers, who
meet Buffalo again tonight.

In other IL games Monday,
Columbus beat Jacksonville 6-0,
Indianapolis defeated Atlanta 5-4
and Syracuse took Richmond 7-5
in 16 innings.

Wayne Graham started the
Traveler scoring in the first in-
ning, singling in one run. Danny
Cater tripled, driving in two more
and Lee Elia followed up with a
single that brought Cater home.
Cal Emery homered in the third
to make it 5-0.

The Bisons fought their way
back when Pumpie Green lined
a 3-run homer over the right field
fence in the fourth, followed by a
single by Rick Herscher that
brought in two more in the sixth.

Arkansas' tie-breaking run came
in the seventh. With two away and
none on, Ritchie Allen beat out a
swinging bunt. On a hit and run
play, Emery beat out a roller to
short, which had been vacated
Larry Burright threw wild to first,
scoring Allen and sending Emery
to third. Cater then singled to
bring in Emery.

Dwight Seibler, who relieved
Billy Smith in the sixth, got credit
for the victory. Babe Birrer was
the loser.
Buffalo 000 302 000—5 11 4
Arkansas 401 000 20x—7 10
Dillon, Davault (3) Birrer (3)
Mathias (8) and Canizarro; W.
Smith, Seibler (6) and Liggett.

Arkansas' hushad five Constitu-
tions since it was admitted to the
Union.

BEGINNING OF GOLDEN AGE—The Golden Age of American golf began at The Country Club in Brookline, Mass., 50 years ago when 20-year-old Francis Ouimet, center, defeated the great British professionals, Harry Vardon, left, and Big Ted Ray, in a play-off for the United States Open championship.

TOTAL PERFORMANCE:

FORD GALAXIE 500/XL SPORTS HARDTOP

IF YOU KNEW WHAT THIS "CAR KILLER" KNOWS...YOU'D BE DRIVING A SOLID, SILENT SUPER TORQUE FORD

This steel-edged pothole is probably the world's toughest test of a car's suspension. We drive into this car killer at 30 mph, locking our brakes as we go so the wheels can't roll through the hole as they normally would. The car slams against the far edge of the hole with such impact that it literally bounds out.

If you added up the cumulative effect of all the jars and jolts your car's suspension system experiences in years of normal driving, it wouldn't match the impact of one trip through the hole. Yet—a Ford must run this test three times to prove its strength.

How can a Ford take it? Because Ford's front suspension has extra beef in spindles, springs, suspension arms—in fact, it's about 20 pounds heavier than the front suspension of our principal competitor's car.

We don't expect you to abuse your car the way we do our test cars. But, however you drive, you'll welcome the extra strength of a total performance Ford. Ford strength is tested in a thousand ways in Ford's laboratories and proving grounds—and in open competition in the world's toughest rallies and stock car events.

Soviet Space Ship Exploded at Launching

By VERN HAUGLAND

WASHINGTON (AP)—One of several Soviet spacecraft about which the Russians have said nothing apparently exploded into 24 orbiting pieces shortly after launching last fall, the U. S. space agency reports.

In any event, it probably was the biggest bust-up in space since the U. S. Transit 4A satellite vehicle shattered into 185 separate orbiting parts after a launching June 29, 1961.

The hitherto unreported Soviet spraying of orbital debris occurred last Oct. 24. There was no indication in the U. S. report whether the spacecraft could have been manned.

The breaking up of the Soviet satellite was brought to light in a satellite situation report published semi-monthly by the National Aeronautics and Space Administration's Goddard Space Flight Center, Greenbelt, Md.

The disclosure clearly was the result of the recently announced change in policy under which NASA is to make public all non-classified space flight data sent to it by the North American Air Defense Command and other agencies. NORAD, among its other duties, tracks foreign objects in orbit.

For many months, virtually all information on Soviet shots, except for data announced by Moscow, was withheld from the NASA reports even though the information had no apparent military significance.

The pieces of the unsuccessful Soviet shot began dropping back into the earth's atmosphere on Oct. 29, five days after launching, NASA said.

The last section left orbit Feb. 26.

The big breakup of the U. S. satellite involved the Navy's launching of the 175-pound Transit 4A navigation satellite with two smaller scientific satellites.

PITCHING—Denny Lemaster, Braves, shutout Houston 3-0 on four hits, lowering his earned run average to brilliant 1.78.

BATTING—Camilo Carreon, White Sox, smacked three-run double in fourth inning, driving in decisive runs in 5-2 victory over American League leading New York that moved Chicago to within one game of Yankees.

ESD Employee Fails to Appeal

LITTLE ROCK (AP)—Ulysses T. Coleman Sr., one of 10 witnesses in a Hatch Act hearing in 1961, allowed his 30-days to elapse Monday without appealing his dismissal from the state Employment Security Division.

Monday was the deadline for filing an appeal with the U.S. Civil Service Commission.

Coleman, 60, of Keo in Lonoke County, a veteran of nearly 28 years with the ESD, was dismissed on grounds he was not meeting production standards.
